## Ruinart Champagne by the Bottle

1729, in Reims, at the heart of the Champagne region, Nicolas Ruinart drafted the founding charter of Maison Ruinart, creating the world's first ever champagne-producing company. In the mid-18th century, in order to store its bottles, Ruinart acquired its ancient crayères dug underneath the city of Reims. In 1764, the House shipped the first Rosé champagne across Europe. In 2024, Maison Ruinart presents the new **Ruinart Blanc Singulier Edition 19** once again highlighting the necessity of adapting expertise to the impact of climate change.

## Rathfinny Sparkling by the Bottle

When Rathfinny launched their Sussex Sparkling wines in Japan in 2023, co-founders, Mark and Sarah Driver spent time hosting masterclasses and wine dinners across the country. They found the wines' purity and poise paired beautifully with the delicate complexity of Japanese cuisine, enhancing flavours and cleansing the palate. Made from grapes grown just three miles from the sea on chalk soils, Rathfinny wines have a mineral freshness that can be enjoyed as an aperitif or alongside the gastronomic menu here at Kioku.
